VOLUNTEER PROGRAMME SUPPORTING PEOPLE

We are growing a bank of ANGELS who will be volunteering their time for FREE to support others. We have devised this programme to support the needs of the most vulnerable within our communities who are unable to access our services due to financial difficulties. This scheme is open to anyone who wishes to donate their time to help and support individuals. Clients who wish to access this facility will be assessed on a individual needs basis.

EMPLOYABILITY SKILLS PROGRAMME HELPING PEOPLE INTO WORK

Our Employability skills programme in conjunction with our sister company MMAS FOUNDATION will be launching June 2023. This 10 week programme will be available to any individuals who are looking to build skills and confidence in relation to moving into the workplace. Participants will gain tools, skills and have an option to gain a qualification as well as having access to our work placement opportunities

SPREADING OUR WINGS

Our service perimeter is extending to Hertfordshire and Buckinghamshire
